

Salvage drum Bergingsvat Fut de secours Bergungsfass

1A2T - ø 700

PASCO NV
CUSTOM MADE DRUMS

**The solution for
the quick salvage
and transport
of damaged
200 l drums:**

- leakage
- rust
- accident
- transport of
a 200 l drum
without
UN approval
- etc.

Thanks to the spacious inside diameter, **the PASCO salvage drum can store a highly deformed 200 l. drum.**

The salvage drum has a 'T' approval which means that it is **qualified to store damaged or leaking steel or plastic drums** of liquid or solid contents.

APPROVAL

UN 1A2 T/Y350/S/**/B/PC-060003
